DETAILED ACTION

Receipt is acknowledged of the amendment filed on 4/24/2006, which has been entered in the file. Claims 1, 3-16 and 18-20 are pending.

Drawings

1. The drawings were received on 4/24/2006. These drawings are acceptable.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Keiichi Nishimura (29,093) on 5/18/2006. The examiner's amendment was necessary in order to cancel the withdrawn claims (claims 3, 5-15 and 18-20, see the amendment filed on 4/24/2006), thereby placing the application in condition for allowance.

The application has been amended as follows:

In the claims:

Claims 3, 5-15 and 18-20 have been canceled.

Allowable Subject Matter

3. Claims 1, 4 and 16 have been allowed over the prior art of record.
4. The following is an examiner's statement of reasons for allowance: The prior art of record, taken alone or in combination, fails to teach or fairly suggest (regarding claim 1) order-changing means for changing said specified order according to history of the order in which successfully decoded images were taken in the past; (regarding claim 16) the step of changing said specified order according to history of the order in which successfully decoded images were taken in the past; in combination with the other claimed limitations as set forth in the claims.

Feng et al, Hanson, and Lee all teach attempting to decode the images in the order in which the images were captured. The prior art does not teach or suggest changing the decoding order of a plurality of continuously obtained images.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
